VAT number (if applicable)

Country

Email address

Product Information

Fauna glasses model

Date of purchase

Fauna glasses serial number

Location of purchase

Charging case serial number

Defect

Please specify the product defect

When was this defect first detected?

Important Notes

Be advised that in order to be eligible for warranty, you must send back the glasses and the charging case **together**. If you have reason to suspect that your glasses' or charging case's battery is damaged, **please do not return the glasses to us but bring them to your nearest recycling center**. We are able to process your warranty request nonetheless if you provide us with a confirmation from the recycling center that you've discarded your glasses there. Please don't forget to send us a purchase confirmation (invoice, receipt) with this signed form.

Please send this signed form to support@wearfauna.com.
